Come join us on March 20<sup>th</sup>, 2010 for our first Singles Marathon. **MARKING** is the name of this game and we will be providing all the marks. Dogs of all levels are welcome to enter and can run in one of the two levels as listed below.

**Junior:** At this level dogs will not be required to be steady at the line, can wear a buckle collar and can be held steady at the line. This level is for dogs that have not run at the Senior level.

**Open:** At this level dogs must be steady at the line, can be brought to the holding blind on a collar and leash but once they leave the holding blind cannot wear a collar.

All marks will be single marks, ducks will be used at all marks, dogs will be called back upon successful completion of each mark. We will keep calling dogs back and progressively making the distance and marking more difficult until only one dog is left. Dogs will be required to mark and retrieve the bird and deliver the bird to hand at all levels.

Awards will be given to the winning dogs in each division upon completion of the marathon.

We will be providing a tailgate lunch for all handlers. Additional lunches can be purchased for \$5.00, please let us know how many additional lunches you would like when you make your reservation.

Please remember to dress for the weather, bring a chair, and plenty of water for you and your dog. Also please no smoking while on the grounds and please make sure to pick up after yourself to ensure we may use the facility again in the future.
